architectural panels

*Design with feeling*

veneers + laminates + plywood + flooring + timber + trade

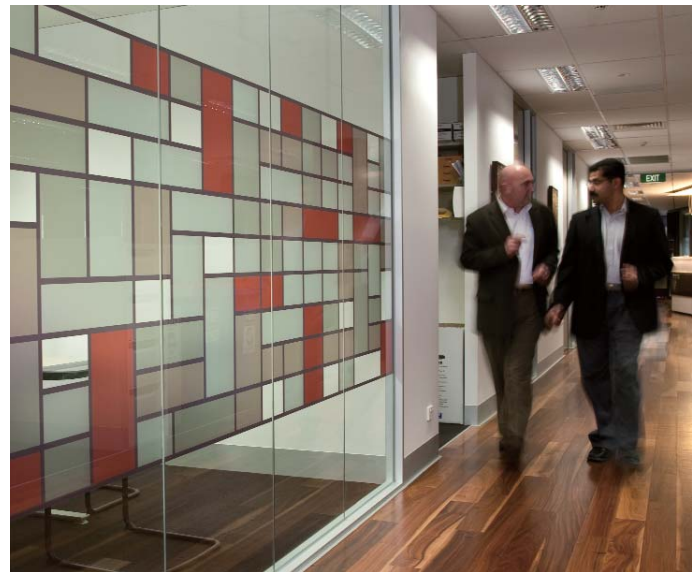

## Design with feeling

Amerind PREMIO offers a range of unsurpassed architectural panels that bring new design opportunities to every project.

PREMIO is an exceptional range of high pressure laminates that set the feeling for interiors with a wide range of finishes and colour palettes that exude character and style.

Technologically advanced Premio architectural panels offer design flexibility, ease of use and low maintenance costs compared with other more complex finishes.

The PREMIO range of high pressure laminates – just right when you want to design with feeling.

Classic Teak Legno

Ambrosia Cresto

Cream Flash Gloss

Roma Microline

## More inspiration

The new Amerind PREMIO range offers more choice in colours and finishes than ever before.

Amerind PREMIO architectural panels provide the inspiration to create beautiful kitchens, stylish restaurants, retail and commercial interiors that exude both form and function.

You can feel the grain in our stunning collection of Cresto timber-look finishes that combine the beauty of timbers from around the globe with high technology, hard wearing laminated panels.

Or, for a more subtle feeling, specify the PREMIO Vertiline or Legno collection. The soft, gentle matt finish tones things down and gives the built space a more friendly feeling.

If you want your project to shine, choose from our rich, reflective Gloss collection that includes a palette of colours exclusive to PREMIO as well as a collection of Pearlescent finishes.

When you want people to sit up and take notice, our new range of Vibrazoni finishes has built-in, night club pizzazz.

The pattern of dots behind the translucent surface contrasts with the background and seem to move as your viewing angle changes.

For finishes that reflect contemporary kitchen appliances, our range of brushed and reflective Metals make PREMIO right at home.

Front wall: Ocular Black Vibrazoni  
Back wall: Modina Microline

## The Premio profile

Amerind PREMIO architectural panels are manufactured to exacting standards from local and imported materials. At Amerind, we know that every project you work on is unique. PREMIO offers a flexible solution for:

- Commercial and residential furniture
- Partitions
- Office and retail fitouts
- Corporate boardrooms
- Reception desks and foyers
- Bathrooms and kitchen cabinetry
- Restaurants, bars and table tops

PREMIO allows you to select the appropriate substrate including MR MDF, MRPB, STDPB and STD MDF, as well as plywood. Environmentally friendly E0 and FSC approved MDF and plywood substrates are available.

To ensure balance and stability, each PREMIO architectural panel is constructed from a resilient high pressure laminate that is bonded to both sides of the substrate and comes with matching 1mm ABS high impact edging.

Amerind PREMIO architectural panels are ideal for projects of almost any scale. They are available in a variety of sheet sizes and can be ordered as a single sheet or in project specific quantities.

Cabinetry: Aspen Forest Cresto  
Wall: Blackened Ash Cresto

## A leading Australian Company

When you specify from the Amerind PREMIO range you have the support of Australia's leading independent marketer, distributor and manufacturer of decorative architectural finishes.

Since 1970, Amerind has manufactured a range of products in Australia as well as selecting a portfolio of fine decorative products from overseas.

Our product range includes:

- High quality timber veneers
- Premio architectural panels (HPL)
- Colorboard melamine panels (LPM)
- Solid timber and German engineered laminate flooring
- Furniture and construction grade timber
- Plywood, MDF, particle board and block board
- E0 and FSC approved substrates

Shelves: Polar White Gloss

### National specifier support

Over the years, Amerind has created a national network of support for professionals in architecture, design, domestic and commercial cabinet making and shop fitting.

Our team of passionate sales professionals operate from warehouses and offices strategically located in capital cities and regional centres.

They provide product, finish and colour advice during project planning while our dedicated distribution centres provide rapid response to customer orders.

### Performance warranty

At Amerind we stand by PREMIO architectural panels and our other products, and provide them free from defects due to manufacture or workmanship. This commitment is in addition to compliance with all relevant Australian and international standards. For further details refer to the Amerind website.

### Our environment

Amerind is committed to managing its operations in an environmentally responsible manner to ensure the protection of the environment for this and future generations.

Sustainable management and use of forest resources, waste minimisation and pollution prevention are the principles underpinning Amerind's environmental policy.

## For everything you need...fast

At Amerind, we understand you need to get your hands on PREMIO samples and colour references fast when you're developing concepts for a new project.

That's why our product samples, data sheets and information are as close as your computer, telephone and fax.

## Go online

For colour swatches, Material Safety Data Sheets, Product Specifications and order forms for the samples you need, go online at [www.amerind.com.au](http://www.amerind.com.au)

## Order samples

If you know what you need, simply email the name and finish of the samples to [samples@amerind.com.au](mailto:samples@amerind.com.au) or fax to **1300 850 677**

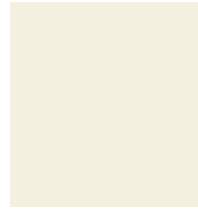

## Ask questions

If you have questions about product information, application suitability and distribution timing, please give us a call on **1300 850 477**
